- ITIL 4
- Google AI Essentials

EDUCATION

WESTERN GOVERNORS UNIVERSITY

Bachelor of Science, Information Technology
June 2026

SUMMARY

Cybersecurity and IT professional with hands-on experience in Linux, Active Directory, AWS, and networking environments. Actively building practical security skills through structured labs focused on vulnerability assessment, system administration, and infrastructure security concepts. Applies analytical and operational experience from 10+ years of leadership in fast-paced environments to translate technical findings into clear, actionable outcomes.

KEY ACHIEVEMENTS

- Completed 52 college credits and earned nine industry certifications in 4.5 months — nearly two years of coursework compressed into a single accelerated term.
- Earned the General Motors Mark of Excellence Award five consecutive years, recognizing elite performance and leadership in a highly competitive environment.
- Built operational dashboards and reporting workflows to improve real-time visibility and decision-making — experience directly transferable to monitoring and security operations.

EXPERIENCE

Rick Hendrick City Chevrolet

Account Manager

Charlotte, NC | September 2020 – Present

- Designed KPI dashboards and automated reporting processes to improve operational visibility and data-driven decision making.
- Performed data analysis of competitor online pricing to develop pricing strategy
- Developed training processes, standardized workflows, and coached teams to improve operational performance and adoption of new systems.
- Earned the General Motors Mark of Excellence Award five consecutive years for exemplary performance.

Lifeskills South Florida

Residential Supervisor

Deerfield Beach, FL | January 2018 – March 2020

- Coordinated cross-functional operations between residential and clinical teams, maintaining procedural compliance facility-wide.
- Led training and professional development of a 20-person residential staff supporting 35 patients in addiction treatment services.
- Managed budgets, resources, and supplies for day-to-day facility operations.
- Developed crisis intervention strategies and coordinated with external agencies when necessary.

The Treatment Center

Patient Care Director

Lantana, FL | July 2016 – October 2017

- Advanced from Patient Care Supervisor to Director, overseeing department-wide operations.
- Developed and implemented crisis intervention strategies that reduced behavioral incidents by 17%.
- Directed performance and professional development of a 50-person department team serving 100+ patients.
- Ensured full compliance with facility protocols while overseeing admissions and patient recovery support.

Patient Care Supervisor

Lantana, FL | July 2015 – July 2016

- Managed staff performance and development of department personnel.
- Ensured all protocols and procedures were followed by staff.
- Implemented departmental programs to improve service and operational functionality.
- Optimized operational workflows by coordinating complex department schedules.
